

2020 Minimum Points for Participating Active Member Status

According to our Constitution, a “Participating Active Member” is defined as An active member who earns 35 club activity point between December 1st and November 30th as defined in ARTICLE IV Sections 3 and 4 of the CI Bylaws. This would entitle them to a plaque if needed, a year sticker for their existing plaque and a 25% discount on the club portion of the annual dues.

Because of the severe restrictions that Corvette Indy has faced regarding 2020 events due to the Covid-19 Pandemic, we will now offer a 50% reduction of the point requirement for 2020. This means that instead of 35 club points, it would require only 17 points (17.5 rounded down) to achieve Participating Active Member status for 2020.

These are unprecedented times, and our members are the most important part of what makes Corvette Indy the best club in the region. We sincerely hope this will show you that we appreciate and care about all of you.

Regards,
John Vess
Competition Director
